8-2015

VISION

We envision a society in which alcohol and drug problems are recognized as public health issues that are both preventable and treatable.

We envision a society in which high-quality services for prevention and treatment of alcohol and drug problems are widely available and where prevention and treatment are recognized as specialized fields of expertise.

We envision a society in which people with a history of alcohol or drug problems, and people that are at risk for these problems are valued and treated with dignity and where stigma, prejudice, discrimination, and other barriers to prevention and recovery are eliminated.

MISSION

To join individuals, families and communities in reducing the misuse of alcohol and drugs thereby increasing opportunities for citizens to achieve health and independence

TABLE OF CONTENTS

Disclaimer: We have provided, to the best of our ability, the most accurate information that we have. Names and addresses do change, so please contact Sinda Robinson at 603-271-6110 or email: srobinson@dhhs.state.nh.us with any new information. Thank you

Outpatient & Intensive Outpatient Treatment

Outpatient Treatment Services are provided in individual and group counseling sessions in a non-residential setting. Average duration of services is approximately 90 days or less.

Intensive Outpatient Treatment Services are conducted in an outpatient setting for a minimum of 3 hours of direct client treatment services per day, utilizing both group and individual formats for a minimum of three days a week. The intensive phase of treatment typically occurs for 4-6 weeks, with less intense services following.

Residential Treatment: Short-Term

Short-term residential treatment also referred to as Clinically Managed Medium Intensity Residential Treatment (CMMIRT) is designed to assist individuals who require a more intensive level of service in a structured setting and/or individuals that may be homeless. Admission is on a voluntary basis. Although length of stay is determined by clinical indicators, average length of stay is expected to be approximately 28 days or less.

Residential Treatment: Halfway Houses & Transitional Living

Residential substance abuse treatment services, also referred to as Clinically Managed Low Intensity Residential Treatment (CMLIRT), are designed to support individuals in the early stages of recovery that need this residential level of care and/or are homeless. The goal of these programs is to prepare clients to become self-sufficient in the community. Average length of stay is expected to be approximately 90 days or less. Residents typically work in the community and may pay a portion of their room and board.

Impaired Driver Care Management Programs

Prior to January 1, 2013

If you were convicted of an impaired driving offense prior to 01/01/2013 **AND** attended a former IDIP/WIDIP, Phase II or MOP Program, **AND** had an Exit Interview with a LADC at that time, **AND** have established requirements for counseling, the old statute and rule applies and you should complete your counseling with a NH LADC. Please contact the program you attended for further information and assistance.

NOTE: EFFECTIVE JANUARY 1, 2013: *As a result of a change in statute to increase public safety, individuals convicted of an impaired driving offense are now required to attend and participate in a New Hampshire approved Impaired Driver Care Management Program (IDCMP) for a screening and/or an evaluation to determine if there is a substance use disorder and to participate in treatment, education and/or recovery support services per their service plan (when indicated) within a shorter span than previously required.*

<http://www.gencourt.state.nh.us/legislation/2012/HB0283.html>

First Offense

An individual convicted of an impaired driving offense must complete an intake and screening at a New Hampshire approved IDCMP within 14 days of conviction. If the screening is negative, the individual will be required to complete an approved 20 hour Impaired Driver Education Program (IDEP) or a Weekend Impaired Driver Education Program (WIDEP).

If the screening is positive, the individual will be required to complete a full substance use disorder evaluation within 30 days of conviction.

If the evaluation is positive, the IDCMP will create a service plan, which may include treatment, education and/or recovery support services.

Non-compliance with any of the above will result in a full license revocation time period and the driving privileges will not be restored until the individual has successfully completed an IDCMP.

Aggravated, Second or Subsequent Offense

When an individual is convicted of an aggravated, second, or subsequent offense in the last ten years, they will receive a minimum 5-day sentence in the County House of Correction (HOC) from the court. Any additional portion (depending on the level of offense) of the HOC time is suspended to encourage individuals to participate in the program, which can be imposed by the courts if individuals are non-compliant with any of the requirements.

The individual is required to schedule a full substance use disorder evaluation within 30 days and complete the evaluation within 60 days of the release from the HOC with an IDCMP. All aggravated, second and subsequent offenders will have a service plan, which may include treatment, education and/or recovery support services.

Non-compliance with any of the above will result in a full license revocation time period, full HOC time imposed and the driving privileges will not be restored until the individual has successfully completed an IDCMP.

For information on the Impaired Driver Care Management Program (IDCMP) and/or the former Multiple Offender Program (MOP) please call 603-271-5379.

Oxford House is a concept in recovery from drug and alcohol addiction. In its simplest form, an Oxford House describes a democratically run, self-supporting and drug free home. Parallel to this concept lies the organizational structure of Oxford House, Inc. The Oxford House is a supported, non-profit 501(c) 3 corporation is the umbrella organization which provides the network connecting all Oxford Houses and allocates resources to duplicate the Oxford House concept where needs arise.

For information on Oxford Houses please visit their website:

www.oxfordhouse.org/userfiles/file/

Instructions How to Apply

To apply a person must be in recovery from alcoholism and/or drug addiction. A recovering individual must complete a standard "Application for Membership"

www.oxfordhouse.org/userfiles/file/doc/app_mem.pdf

and be interviewed by the residents of the house he or she want to live in. Hints for acceptance include: (a) show sincerely about recovery; (b) emphasize regular attendance at 12-Step meetings; (c) explain how you can pay the equal share of expenses collected by the group on either a weekly or monthly basis and the move-in sobriety deposit (usually equal to the equal share of expenses and (d) be absolutely honest on the application and in the interview.

If you are turned down at one house, evaluate your posture and apply again. There is no stigma or penalty applied by a rejection; it is merely the judgment of the residents as to inviting you into their home. When you are a resident, you will be called upon to make similar decisions about new applicants.

New Hampshire Medication Assisted Treatment Programs

The following opiate treatment programs provide methadone maintenance therapy for individuals who are addicted to heroin, morphine, and other opioid drugs. Several, where indicated, also provide buprenorphine treatment for opiate addiction. The State does not provide funding for methadone treatment programs, but does have regulatory oversight of them, and neither funds nor regulates buprenorphine treatment providers.

Other Treatment-Related Resources

Drug and Alcohol Abuse Treatment Locator

The Substance Abuse and Mental Health Services Administration (SAMHSA) in the US Department of Health and Human Services, provides an on-line resource for locating drug and alcohol abuse treatment programs. It lists private and public facilities that are licensed, certified, or otherwise approved for inclusion by their State substance abuse agency. It also lists treatment facilities administered by the Department of Veterans Affairs, the Indian Health Service and the Department of Defense. The Web address for this resource is:

<http://findtreatment.samhsa.gov/about.htm>

SAMHSA's Referral Helplines

For additional advice, you can call one of the Referral Helplines operated by SAMHSA's Center for Substance Abuse Treatment:

1-800-662-HELP

1-800-662-9832 (Español)

Buprenorphine Physician and Treatment Program Locator Resource

SAMHSA's Center for Substance Abuse Treatment (CSAT) also provides an on-line locator service to help people find a physician or treatment program that can prescribe buprenorphine (Suboxone® and Subutex®) for treatment of opioid addiction. Go to the following Web address and click on New Hampshire:

http://buprenorphine.samhsa.gov/bwns_locator/

Please note that the Drug Addiction Treatment Act of 2000 limits physicians or physician group practices to prescribing buprenorphine for opioid addiction to a maximum of 30 patients at one time. Because of this, some physicians listed on the locator site may not be accepting new patients at this time. If you are unable to find a physician within your area that is accepting new patients, please check the site later, as new physicians are added weekly.

Information about Buprenorphine Treatment

The National Alliance of Advocates for Buprenorphine Treatment (NAABT) is a non-profit organization with the mission to:

- Educate the public about the disease of opioid addiction and the buprenorphine treatment option.
- Help reduce the stigma and discrimination associated with patients with addiction disorders.
- Serve as a conduit connecting patients in need of treatment to qualified treatment providers.

The Web address for NAABT is: <http://www.naabt.org/> and the phone number is: 860-810-0768.

Private Treatment Facilities

The following is a list of private treatment facilities, which are not funded by either the New Hampshire Department of Health and Human Services or the Governor's Commission on Alcohol and Drug Abuse Prevention, Intervention, and Treatment. They provide a variety of primary, intermediate, and after care services. Fees vary from place to place. Some of the facilities will accept reimbursement from major insurance carriers.

Website Information

The following websites provide additional information and resources on alcohol and drug abuse prevention, treatment and recovery.

Alcohol Screening

www.alcoholscreening.org/

Helps individuals assess their own alcohol consumption patterns.

Campaign for Tobacco-Free Kids

www.tobaccofreekids.org

The Campaign is fighting to free America's youth from tobacco and to create a healthier environment.

Centers for Disease Control and Prevention (CDC)

www.cdc.gov

The CDC is the lead federal agency for protecting the health and safety of people – at home and abroad, providing credible information to enhance health decisions, and promoting health through strong partnerships.

Center for Mental Health Services

mentalhealth.samhsa.gov/

Provides information and resources on prevention, treatment, and rehabilitation services for mental illness. Also includes: programs, links and campaigns for kids.

ChecktheStats.org

<http://www.checkthstatsnh.org/>

Lets parents and caregivers know that there is a very real problem with drug and alcohol use amonth New Hampshire's youth. The site features statistics from national and state drug and alcohol use surveys.

College Drinking Prevention

www.collegedrinkingprevention.gov/

This website is a one-stop resource for comprehensive research-based information on issues related to alcohol abuse and binge drinking in college students.

Community Anti-Drug Coalitions of America (CADCA)

www.cadca.org

CADCA is the premier membership organization of over 5,000 anti-drug coalitions, each working to make their community safe, healthy and drug-free, one community at a time. Great resource for community coalitions.

Coolspot

www.thecoolspot.gov

The young teens place for information on alcohol and resisting peer pressure.

Drug Screening

www.drugscreening.org/Session.aspx

Offers a self-screening tool to help assess drug and alcohol use and risk level.

Faces and Voices of Recovery

www.facesandvoicesofrecovery.org/

Faces & Voices of Recovery is committed to organizing and mobilizing the millions of Americans in long-term recovery from alcohol and other drug addiction

FirstGov

www.usa.gov/

U.S. Government website that provides the public with easy, one-stop access to all federal government on-line information and services. This website provides a single online information portal that connects Americans with information and resources from all 27 million federal web pages. One of the largest and most useful collections of web pages in the world.

HIV Prevention Among Drug Users

www.cdc.gov/hiv/risk/behavior/substanceuse.html

(English)

Injection drug use is important in the transmission of blood borne infections (including HIV and hepatitis B and C); this web site provides access to materials and resources developed to assist HIV prevention providers working with IDUs and their sex partners.

Join Together

<http://www.drugfree.org/join-together>

Join Together leads initiatives to help communities respond to the harms caused by excessive alcohol and drug use and provides free internet services supporting their efforts.

Mothers Against Drunk Driving (MADD)

www.madd.org

MADD's mission: to stop drunk driving, support the victims of this violent crime and prevent underage drinking.

National Association of Children of Alcoholics

<http://www.nacoa.org/>

NACoA is the national nonprofit 501 (c) 3 membership and affiliate organization working on behalf of children of alcohol and drug dependent parents.

National Inhalant Prevention Coalition

www.inhalants.org

This comprehensive site explains all about inhalants, the prevention campaign, frequently asked questions, and contact information.

National Institute on Alcohol Abuse and Alcoholism (NIAAA)

www.niaaa.nih.gov

NIAAA supports and conducts biomedical and behavioral research on the causes, consequences, treatment, and prevention of alcoholism and alcohol-related problems.

National Institutes of Health:

National Institute of Drug Abuse (NIDA)

www.drugabuse.gov/

NIDA's mission is to lead the Nation in bringing the power of science to bear on drug abuse and addiction. There are two critical components.

The first is the strategic support and conduct of research across a broad range of disciplines.

The second is to ensure the rapid and effective dissemination and use of the results of that research to improve drug abuse and addiction prevention, treatment, and policy.

National Institute of Drug Abuse for Teens (NIDA for Teens)

www.teens.drugabuse.gov

This website is designed to educate adolescents ages 11 through 15 (as well as their parents and teachers) on the science behind drug abuse.

National Youth Anti-Drug Media Campaign (Above the Influence)

<http://www.abovetheinfluence.com/>

Interactive website designed for youth to learn more about alcohol and other drugs.

New Futures

www.new-futures.org

A non-profit organization whose mission is to foster, promote and support effective strategies to reduce alcohol, tobacco and other drug problems in NH. New Futures is focusing on two goals: reducing underage alcohol problems and increasing access to treatment through leadership and policy development, information dissemination and program innovation.

Northern New England Poison Center

<http://www.nnepc.org/>

In Maine, New Hampshire and Vermont, the Northern New England Poison Center provides immediate treatment advice for poison emergencies. We also provide information about poisons and poison prevention, twenty-four hours a day, seven days a week.

Office of National Drug Control Policy (ONDCP)

www.whitehousedrugpolicy.gov

The principle purpose of ONDCP is to establish policies, priorities and objectives for the Nation's drug control program.

Partnership At DrugFree.org

www.drugfree.org

A non-profit coalition of professionals from the communications industry, whose mission is to help teens reject substance abuse through its national anti-drug advertising campaign and other forms of media communication.

Partnership for a DrugFree New Hampshire

A website designed to help individuals, families, and communities to get informed, get involved and get help! You will find information on prevention efforts, effects of alcohol and other drugs, guidance on recovery and treatment and links to programs in the Granite State.

www.drugfreenh.org

Substance Abuse and Mental Health Services Administration (SAMHSA)

www.samhsa.gov

SAMHSA is the Federal agency charged with improving the quality and availability of prevention, treatment, and rehabilitative services in order to reduce illness, death, disability, and cost to society resulting from substance abuse and mental illnesses.

SAMHSA: Center for Substance Abuse Prevention (CSAP)

<http://www.samhsa.gov/about-us/who-we-are/offices-centers/csap>

CSAP provides national leadership in the Federal effort to prevent alcohol, tobacco, and illicit drug problems. CSAP connects people and resources to innovative ideas and strategies, and encourages efforts to reduce and eliminate alcohol, tobacco and illicit drug problems both in the United States and internationally.

SAMHSA: Center for Substance Abuse Treatment (CSAT)

<http://www.samhsa.gov/about-us/who-we-are/offices-centers/csat>

CSAT supports a variety of activities to improve the lives of individuals and families affected by alcohol and drug abuse by ensuring access to clinically sound, cost-effective addiction treatment that reduces the health and social costs to our communities and the nation.

SAMHSA: National Clearinghouse for Alcohol and Drug Information (NCADI)

<http://store.samhsa.gov/>

Features free information and resources on a wide variety of ATOD issues. Grouped by subject and audience, with links to other publications of interest.

SAMHSA: CSAP's Northeast Center for the Application of Prevention Technologies (CAPT)

<http://captus.samhsa.gov/>

CSAP's Northeast CAPT's mission is to support the application of science-based substance abuse prevention programs and strategies at the local, state, and regional levels. In addition, the CAPT promotes collaboration between and within each level.

SAMHSA: Workplace Resource Center Overview and information for the Federal Drug-Free Workplace Program.

<http://www.dol.gov/elaws/asp/drugfree/drugs/screen92.asp>

The Workplace Resource Center provides centralized access to information about drug-free workplace and related topics.

Youth Risk Behavior surveillance System (YRBS)

www.cdc.gov/healthyyouth/yrbs

The Youth Risk Behavior Surveillance System (YRBSS) monitors priority health-risk behaviors and the prevalence of obesity and asthma among youth and young adults. The YRBSS includes a national school-based survey conducted by the Centers for Disease Control and Prevention (CDC) and state, territorial, tribal, and local surveys conducted by state, territorial, and local education and health agencies and tribal governments.
