New Health Coverage Options for Granite Staters—at Little or No Cost

With recent changes in the law, new, affordable options for health coverage are now available through the New Hampshire Health Protection Program of the New Hampshire Department of Health and Human Services—at little or no cost to you:

1

Health Insurance Premium Payment Program (HIPP): If you or someone in your family has access to health insurance through an employer, you may qualify for help in covering your insurance costs.

2

Bridge Program: If you don't have access to health insurance through your employer or if you don't qualify for the HIPP Program, you may be eligible to sign up for a health insurance plan through New Hampshire's Bridge Program.

Thousands of Granite Staters are eligible.

Coverage through the New Hampshire Health Protection Program is available to Granite Staters aged 19 to 65 whose monthly household incomes are at or below the following levels:
